DATE: Thursday June 1, 2017
SUBJECT: Report on Committee Work: Course Evaluations for 100% Online Courses

The Teaching Effectiveness and Development Committee met on May 10th, 2017; quorum was met. The
committee took the feedback from the Faculty Senate members and made revisions to the additional 3
questions proposed for the online evaluation. The original questions for all student evaluations are as follows.
The first 5 questions are non-negotiable (defined order) as determined by the UT Systems:

1. The instructor clearly defined and explained the course objectives and expectations.
2. The instructor was prepared for each instructional activity.
3. The instructor communicated information effectively.
4. The instructor encouraged me to take an active role in my own learning.
5. The instructor was available to students either electronically or in person.
6. The instructor stimulated my interest in the subject:
7. Estimate how much you learned in this course:
8. Estimate how much this this course challenged you intellectually:
9. Provide an overall rating in this course:
10. Provide an overall rating of the instructor:

The next three questions will be strictly for 100% Online courses as defined in Banner:

11. The instructor provided feedback within the timeframe given in the syllabus.
12. I was involved in the learning process throughout the course.
13. I was able to locate and use course materials easily.

The committee is proposing the approval of questions 11, 12, and 13. This will only apply, initially, to those
courses that are coded 100% Online. Our next meeting is Thursday, June 15th. Consensus from the members
was that we will meet in June and July but not August.

The committee is still in need of a student representative.

Respectfully Submitted,
